

My

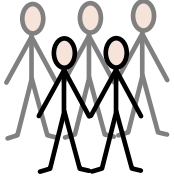

social

distancing

story

People

are

talking

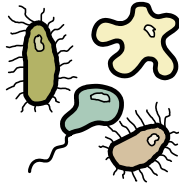

about

something

called

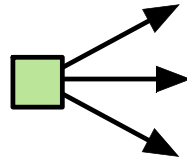

Coronavirus.

Coronavirus

germs

spread

very easily.

I

need to

wash

my

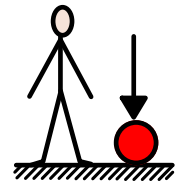

hands

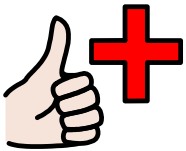

so that

I

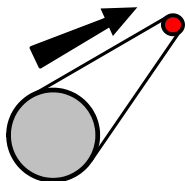

stay

healthy.

Social

distancing

is

a

way

I can

stay healthy

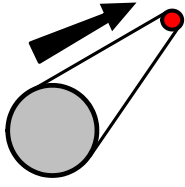

and

safe.

Social

distancing

=

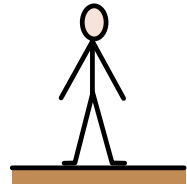

means

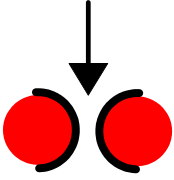

I can

not

stand

too close to

other people.

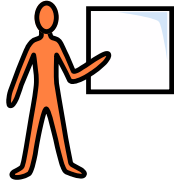

My

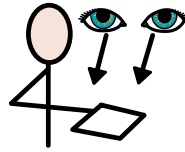

parents

+

and teachers

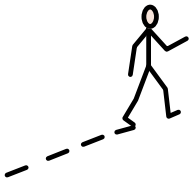

will

show me

how

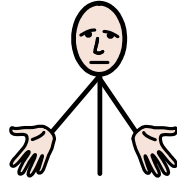

far

away

I

need

to

be

from

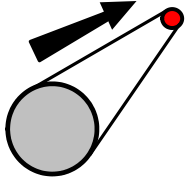

other

people.

Social

distancing

means busy

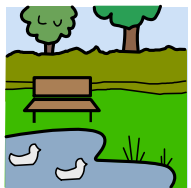

places

like

restaurants

and

parks

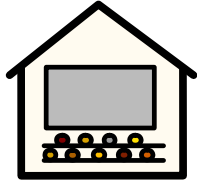

are closed.

These are some things that I can do.

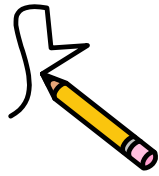

computer

movies

walking

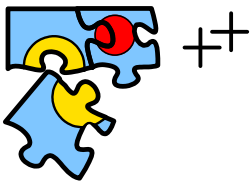

drawing

cycling

games

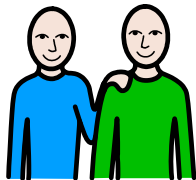

puzzles

cooking

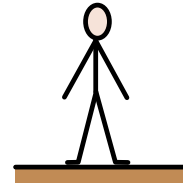

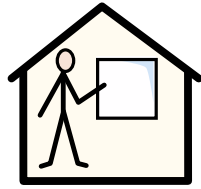

telephone

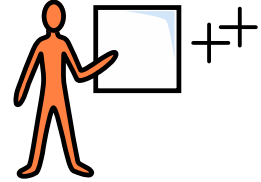

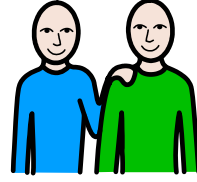

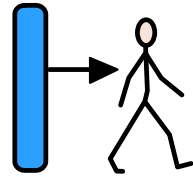

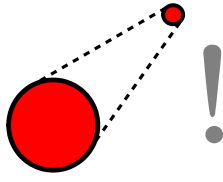

friends

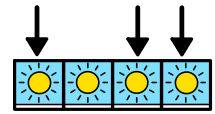

Reading

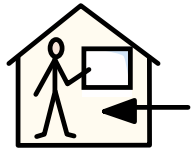

When I am at school I will need to stand and

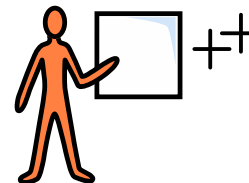

sit further away from my friends and teachers.

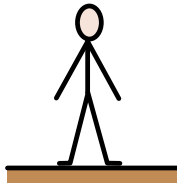

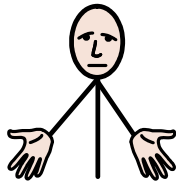

This will be a change from what I normally

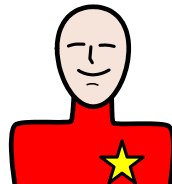

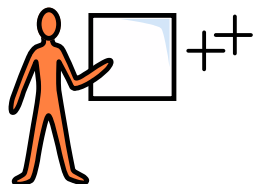

do in school.

I can help by listening to my teachers about

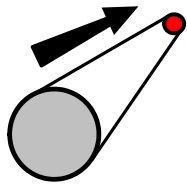

where I need to stand and sit.

This will make my teachers proud.

Social

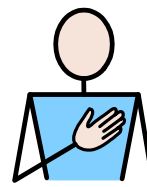

distancing

might

make me

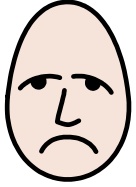

feel

worried

or

sad.

If I

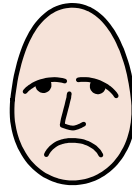

feel

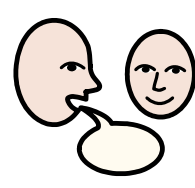

worried

or sad,

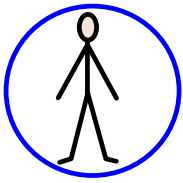

I can

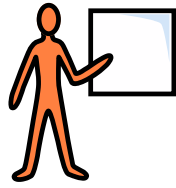

tell

a

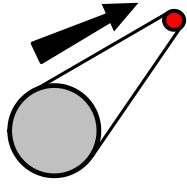

parent

or teacher.

Social

distancing

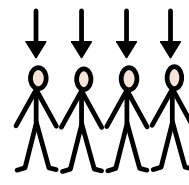

will

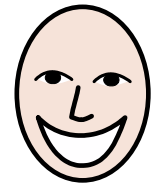

help

keep

everyone

happy,

healthy

and

safe!
